Program Description

Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

The OJJDP FY 2021 Children's Advocacy Centers National Subgrants Program provides support to CACs through a variety of subgrant assistance designed to enhance effective interventions in child abuse cases. CACs provide a coordinated response to child abuse victims through multidisciplinary teams composed of representatives from the statutorily mandated and other agencies involved in the intervention, prevention, prosecution, and investigation systems that respond to child abuse cases. The three categories of funding available under this solicitation are as follows:

Category 1: National Subgrants Program

Category 2: National Subgrants Program for Victims of Child Pornography

Category 3: National Military Partnership Program

Statutory Authority

Section 214 of the Victims of Child Abuse Act (34 U.S.C. § 20304)

Specific Information

This solicitation offers three categories of funding. Applicants must clearly designate the category under which they are applying. Each category requires a separate application, and OJJDP will not consider applications that combine different categories.

Category 1: National Subgrants Program. The successful applicant will operate a national subgrant program to support local CACs, state chapters, and multidisciplinary teams that provide a coordinated investigation and comprehensive response to child abuse. Specifically, the successful applicant will release requests for proposals (RFPs) to award subgrants (subject to OJJDP approval) based on identified national needs and a clearly defined funding strategy. The successful applicant will offer training and technical assistance specific to the RFP as well as limited targeted training aligned with the subgrant categories, and provide oversight and monitoring of subaward activities in conformance with the DOJ Grants Financial Guide.

Category 2: National Subgrants Program for Victims of Child Pornography. The successful applicant will operate a national subgrant program to support local CACs, state chapters, and multidisciplinary teams that provide a coordinated investigation and comprehensive response to child abuse, specifically to provide services and improve the response to children who are victims of child pornography, including those victims of child pornography who are also victims of commercial sex trafficking. The successful applicant will release RFPs to award subgrants (subject to OJJDP approval) based on identified national needs and a clearly defined funding strategy. The successful applicant will offer training and technical assistance specific to the RFP as well as limited topical training for local CACs, state chapters, and multidisciplinary teams. Finally, the successful applicant will provide oversight and monitoring of subaward activities in conformance with the DOJ Grants Financial Guide.

Category 3: National Military Partnership Program. The successful applicant will collaborate with military installations to explore ways in which the CAC model can be leveraged to help military installations address cases of child abuse and will provide subgrants to local CACs to identify, develop, and operationalize best practices. The successful applicant will release RFPs to award subgrants (subject to OJJDP approval) based on the identified needs regarding CAC and military collaboration as related to the response to child abuse. In addition, the successful applicant will provide training and technical assistance specific to the RFP as well as targeted support for the overall project and selected subgrantees, and provide oversight and monitoring of subaward activities in conformance with the DOJ Grants Financial Guide.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of all three categories for this solicitation is to fund new or existing local CAC programs, state chapters, and multidisciplinary teams through competitive subgrants to maximize the reach and quality of direct services and local CAC operations.

Objectives

The objectives for all three categories are to:

- Develop and promulgate eligibility criteria for each RFP.
- Develop and publish RFPs to support CACs, state chapters, and multidisciplinary teams.
- Disseminate information among current and potential award recipients.
- Administer and oversee awards pursuant to the DOJ Grants Financial Guide.

Deliverables

- Develop innovative funding strategies specific to the funding category in consultation with and as approved by OJJDP. Strategies should maximize funding for local CACs and include a focus on helping CACs achieve a higher level of accreditation and improve quality of services
- Develop and publish RFPs (specific to the category) as OJJDP approves.
- Provide training and technical assistance specific to the release of the OJJDP-approved RFP for each category.
- Manage a national peer review process to evaluate applications for funding for each funding category.
- Develop new and/or enhance existing CAC programs, state chapters, and multidisciplinary teams in accordance with the OJJDP-approved funding strategy and specific to each funding category.
- Provide oversight and subgrant monitoring activities in accordance with the DOJ Grants Financial Guide.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Content of Application Submission.

OJJDP Training and Technical Assistance Awardee Standards

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section

entitled "Information Regarding Potential Evaluation of Programs and Activities."

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. Applicants will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, applicants will need to: add zip codes for areas affected by the project; confirm their Authorized Representative; and verify the organization's legal name and address.

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants Web-based form.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 30 pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address (i.e., high cases of child abuse and neglect, increase in victims of child pornography, and lack of coordinated response investigating military cases of child abuse and neglect). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates. Applicants should submit the timeline as a separate attachment, as stipulated in Additional Application Components. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this national scope effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

Letters of Support/Memoranda of Understanding. Applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.
- Description of the partner's current role and responsibilities in the planning process and expected responsibilities when the program is operational.

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: applicants are **not** required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables."

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
