Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

OJJDP's guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will Treat Children as Children; Serve Children at Home, With Their Families, in their Communities; and Open Up Opportunities for System-Involved Youth. OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

With this solicitation, OJJDP seeks to provide funding to communities to develop coordinated and comprehensive community-based approaches to help children and their families who are exposed to violence build resilience, restore their safety, heal their social and emotional wounds, and prevent future violence and delinquency. Funding can be used to develop and/or enhance support services for children exposed to violence to

reduce the adverse impact of violence on youth, families, and communities, and to help family-serving organizations better recognize and help families at risk for exposure to violence.

34 U.S.C. 11171–11172; Department of Justice Appropriations Act, 2023, Pub. L. No. 117-328, 136 Stat. 4459, 4538.

Specific Information

Each year, nearly 60 percent of children in the United States are exposed to violence in their homes, schools, or communities[1]. Stressful life events such as children's exposure to violence, whether as victims or witnesses, is often associated with long-term physical, psychological, and emotional harm. This exposure can include witnessing or being a direct victim of bullying and harassment, physical abuse or neglect, physical and sexual assault, or community and school violence, including gang violence, interpersonal violence, and threats of harm. Research shows that exposure to violence within the first few years of childhood can affect the neurocognitive development of children and deprive them of as much as 10 percent of their potential intelligence (IQ). As they grow into adolescence, these children continue to be seriously and negatively impacted, often having difficulty in school, conflict and emotional detachment issues with peers and family members, using violence against others, and developing serious problems such as addiction, impulsive or reckless behavior, depression, or delinquency.[2] In a 2019 study on neighborhood violence, 6.8% of children aged 5-17 years were exposed to violence, with higher rates of exposure for Non-Hispanic black children (9.5%).[3] According to an article in The American Journal of Preventive Medicine, racial and ethnic disparities in violence may be linked to other prominent health disparities.[4] Despite the prevalence of exposure to violence among children and evidence of its intersection with future offending, the majority of youth impacted by violence do not receive timely help to mitigate its harmful effects. To address this exposure, this program focuses on building protective factors for children exposed to violence; increasing access to and providing evidence-based, culturally specific, trauma-informed specialized services/intervention(s) to support children and families who are impacted; as well as the sustainment of this work.

Exposure to violence often requires interventions that range from improving the environment of the child by enhancing protective factors, to reducing symptoms, to addressing underlying trauma and reflect the diversity of needs. According to the CDC, strategies such as strengthening economic supports to families, promoting social norms that protect against violence and adversity, connecting youth to caring adults and activities among others, can create safe, stable, nurturing relationships and environments for all children and families that can prevent Adverse Childhood Experiences (ACEs), build resiliency and help all children reach their full potential.[5] Other examples of

programming and strategies considered effective in addressing exposure to violence include but are not limited to Positive Behavioral Interventions and Support (PBIS), Social Emotional Learning Approaches, Cognitive-Behavioral Intervention for Trauma in Schools (CBITS), Youth Mental Health First Aid, Restorative Justice practices, youth mentoring, Youth Courts, Street Law, Gang Resistance and Education Training (G.R.E.A.T.), and Violence Free Zone.

Although the prevalence of children's exposure to violence is overwhelming and can impact children in a variety of ways, there is clear evidence that a comprehensive and coordinated approach to care can help children to heal and thrive. An integral recommendation from the Attorney General's National Task Force on Children Exposed to Violence report included the importance of developing coalitions of multidisciplinary stakeholders within communities to help comprehensively identify and address gaps and barriers in services for children and their families and assure a systemwide and coordinated response. Community collaboration and coordination across a variety of disciplines is critical to ensure adequate identification, screening and assessment, service delivery, and improved policy and decision-making on behalf of children exposed to violence and their families. Such multidisciplinary groups can enable children and families to receive more coordinated and effective case management and wraparound support services, reducing the long-term psychological effects of witnessing or suffering from violence and creating opportunities for children to be safe, healthy, and successful.

Goals, Objectives, and Deliverables

Goals

The overall goal of the program is to build the capacity of families and communities to help children exposed to violence.

Objectives

An applicant should address all of the objectives listed below in the Goals, Objectives,

Deliverables, and Timeline web-based form.

- Improve family and community responses to children exposed to violence.
- Increase protective factors to reduce the traumatic impact of exposure to violence and prevent future violence, delinquency, and victimization.
- Build the capacity of communities to develop and implement prevention and early intervention strategies to support children exposed to violence and enhance wellness and healing.

Deliverables

Efforts to address and implement these deliverables should be discussed as part of the submitted application.

- Convene a multidisciplinary team of stakeholders (existing or newly created) to guide and inform the development of a comprehensive plan to address children exposed to violence.
- Develop and/or enhance an existing comprehensive plan to address children exposed to violence and its impact on community safety by the end of the first year of funding This plan should identify specific communities where services will be implemented based on available data and will be presented to OJJDP for review/ approval.
- Develop and implement trauma-informed, culturally appropriate approaches along the prevention and intervention continuum that address risk factors and build on protective factors to prevent and reduce the impact of exposure to violence on children and families in the target communities.
- Support the provision of evidence-based mental health services for children who experience trauma and exposure to violence.

To successfully address issues related to children exposed to violence, it is important for communities to build a comprehensive approach that will identify gaps as well as maximize and leverage existing and new resources. Applicants must propose and undertake their work through a multidisciplinary team of stakeholders, which may be either an existing collaborative group or one that is formed specifically for this project. This planning team should meet regularly throughout the project period to identify and address service gaps and barriers, create a blueprint for a comprehensive network of services to support children exposed to violence and their families, build the capacity of communities to help children exposed to violence, and prevent/reduce exposure to violent crime. Stakeholders on the team can include court personnel, juvenile justice agencies, law enforcement, school-based law enforcement, district attorneys, public defenders, child welfare and social services, mental health, county/local public sector leadership, school administrators, at-risk families and children, culturally specific programs, and faith-based and child-serving community organizations.

All applicants should include an attachment labeled "Planning Team" with a description of

the team structure, including names of participants on the team and the name of their agency, in addition to any letters of commitment or memoranda of understanding (MOUs) with the members/agencies.

OJJDP has an existing training and technical assistance (TTA) provider to support the OJJDP-funded sites addressing children exposed to violence. Sites funded through this solicitation are expected to work with this TTA provider that will provide guidance and consultation to the funded program sites. The TTA activities will address specific technical assistance on youth violence prevention and intervention, trauma-informed practices, collaborative engagement across systems, community partnership coordination, etc. Additionally, TTA will include individualized training and technical assistance, cross-site meetings, and trainings on evidence-based practices.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this Executive Order, OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically

underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

A Proposal Abstract (no more than 400 words) summarizing the proposed project — including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the OJP Grant Application Resource Guide for an example of a proposal abstract.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer review and in final award decision. Please note: Tables, charts, and graphs included in the proposal narrative can be created in a legible font smaller than 12 point and will count toward the page limit.

The Proposal Narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., children exposed to violence). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation.

Applicants should describe the target population, to include the age to be served and the specific community/communities to be targeted with funded interventions. This section should also discuss any previous or current attempts to address the problem as well as identify current gaps/barriers in programming/services.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete

the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period. Applicants should also discuss the role of the Planning Team and how it will guide the project.

Please note: Applicants that were funded under a previous version of the OJJDP Strategies To Support Children Exposed to Violence solicitation must ensure the proposal narrative indicates how the project design is an enhancement or expansion of previously funded program activities.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, click here.

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

Letters of Commitment: If submitting a joint application, as described under Eligibility, applicants should provide signed and dated letters of commitment or memoranda of understanding for all key partners that include the following:

- Expression of support for the project and a statement of willingness to participate and collaborate with the project.
- Description of the partner's current role and responsibilities in the planning process and expected responsibilities when the project is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of commitment may be addressed to the OJJDP Administrator. Letters of commitment should be signed and submitted as one separate attachment and labeled as "letters of commitment."

Only letters of commitment that are submitted by the due date and with the full application will be considered during the review process.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at https://ojjdp.ojp.gov/funding/performance-measures/performance-measures-children-exposed-violence-program.pdf.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations
An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the OJP Grant Application Resource Guide.

Goal, Objectives, Deliverables, and Timeline

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the Application Submission Job Aid for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measureable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates (see "Sample Project Timelines" here). On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the OJP Grant Application Resource Guide and the Complete the Application in JustGrants – Budget training.

If the applicant is seeking priority consideration under Priority 1(A) and has proposed activities (such as community or stakeholder meetings, community outreach or public

awareness campaigns, community participation in project design, implementation, or evaluation, etc.) to incorporate the input and participation of communities that have been historically underserved, marginalized, and adversely affected by inequality, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding.** The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

Applicants should budget funds to support as many as two staff to travel once each year of the project to participate in a 3-day in-person cross-site meeting, as OJJDP directs. Applicants should budget approximately $2,000 per person to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 2 people x airline ticket ($500) = $1,000, 2 people x 2 travel days x per diem (75% x $76/day) = $228, 2 people x lodging ($251) x 2 nights = $1,004). Use U.S. General Services Administration per diem rates found at www.gsa.gov.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at https://www.grants.gov/web/grants/register.html by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline**. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the "How to Apply" section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on April 24, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on May 8, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the

due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:
- SAM.gov - contact the SAM Help Desk (Federal Service Desk), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the Grants.gov Customer Support Hotline, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the OJP Grant Application Resource Guide.

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (20%) - evaluate the applicant's understanding of the program/issue to be addressed.

2. Project Design and Implementation (35%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

3. Capabilities and Competencies (25%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.

4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.

5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, evidence of a planning team, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
