Synopsis

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is seeking applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OJJDP seeks to support the efforts of communities to develop prevention and intervention responses that identify, respond to, treat, and support children, youth, and families impacted by opioid use and other substance use disorders. OJJDP asks applicants to integrate youth and family partnership strategies into projects and partner with law enforcement, education, mental health service providers, child welfare agencies, community health agencies, and community-based organizations that address the needs of individuals and families experiencing substance use. OJP strongly encourages the use of data and evidence in program development for criminal justice, juvenile justice, and crime victim services.

This program furthers DOJ's mission to uphold the rule of law, keep our country safe, and protect civil rights.

Eligibility

An applicant may submit more than one application if each application proposes a different project in response to the solicitation. Also, an entity may be proposed as a subrecipient (subgrantee) in more than one application.

OJJDP will consider applications under which two or more entities (project partners) would carry out the federal award; however, only one entity may be the applicant for the solicitation. Any others must be proposed as subrecipients (subgrantees). See the [Application Resource Guide](#) for additional information on subawards.

Program Description

Program Description Overview

With this solicitation, OJJDP seeks to support the efforts of communities to develop prevention and intervention responses that identify, respond to, treat, and support children, youth, and families impacted by opioid use and other substance use disorders. OJJDP asks applicants to integrate youth and family partnership strategies into projects and partner with law enforcement, education, mental health service providers, child welfare agencies, community health agencies, and community-based organizations that address the needs of individuals and families experiencing substance use.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into all sections of the proposal narrative — including the description of the issue, project design and implementation, capabilities and competencies, plan for collecting data — and the budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

Statutory Authority

Any awards under this solicitation would be made under statutory authority provided by a full-year appropriations act for FY 2024. As of the writing of this solicitation, the Department of Justice is operating under a short-term "Continuing Resolution;" no full-year appropriation for the Department has been enacted for FY 2024.

Specific Information

In 2017, the opioid crisis was declared a public health emergency. Opioid-related overdoses and deaths have continued to increase, particularly with the increase in prevalence of fentanyl in the nation's illicit drug supply, taking a toll on communities, families and children. According to the National Library of Medicine, children and adolescents who grow up in households with opioid misuse and opioid use disorders may experience a myriad of adverse consequences, including increased risk of mental health and substance use problems; accidental opioid poisoning; increased risk of developing a substance use disorder; and family dissolution that results from parents' incarceration, foster care placement, or loss of parent to an opioid overdose.¹ The [Department of Health and Human Services'](#) Administration for Children and Families reports a 20.5-percent increase in the number of children removed and placed in out-of-home care from 2000 to 2020 due to parental substance use.² While extensive work has been done to increase treatment capacity, there remains a significant burden on state and local law enforcement, substance use treatment delivery systems, mental health systems, child welfare and foster care, and the juvenile justice system.

The Opioid Affected Youth Initiative will provide funding and assistance to communities to develop coordinated and sustainable programs and services that are data driven and support the identification, prevention, treatment, enforcement, and deterrence needed to address the impacts of opioid use and substance use disorders on youth, families, and the community.

Solicitation Goals and Objectives

Goals

The goal of the Opioid Affected Youth Initiative is to assist communities in developing and implementing effective, data-driven, coordinated, and sustainable responses that address opioid use and other substance use disorders impacting public safety, children, youth, and their families.

Objectives

Objectives include the implementation of prevention, intervention, diversion, treatment, and recovery programs and strategies that respond to both opioid and substance use disorders and ensure sustainable outcomes for youth and families.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How to Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form.](#)

Priority Areas

In order to further OJP's mission, OJP will provide priority consideration when making award decisions to the following:

1A. Applications that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

To receive this consideration, the applicant must describe how the proposed project(s) will address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. Project activities under this consideration may include, but are not limited to, the following: improving victim services, justice responses, prevention initiatives, reentry services, and other parts of an organization's or community's efforts to advance public safety. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

1B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40 percent** of the requested award funding, as demonstrated in the Budget web-based form) are a *population-specific organization* that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population-specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population-specific organization (or funding the population-specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Additional Information: While the maximum allowable funding amount is \$750,000, OJP encourages applicants, including those that are new or that have never before received a federal award, to submit a proposed budget that best supports their project objectives and organizational capabilities, even if the proposed budget is at a lower amount than the maximum allowable funding level.

Continuation Funding Intent

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award, when making continuation award decisions.

Availability of Funds

This funding opportunity, and awards under this funding opportunity, are subject to the availability of funding and to any changes or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

OJJDP expects to make awards under this funding opportunity as grants. Cost Sharing or Match Requirement

This funding opportunity does not require a match.

Eligibility Information

For eligibility information, [see the Synopsis section](#).

For the purposes of this notice of funding opportunity, "state" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

For the purposes of this notice of funding opportunity, other units of local government include towns, boroughs, parishes, villages, or other general purpose political subdivisions of a State.

How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for late submission.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To allow time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and no later than 48 hours before the Grants.gov deadline (recommended).** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov) by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be

uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive email notifications when successfully submitting in Grants.gov and JustGrants, and should maintain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on April 30, 2024.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on May 14, 2024.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; for this reason, experiencing long wait times for phone support does not relieve the applicant of the responsibility for getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#) Monday–Friday from 8 a.m. to 8 p.m. ET at 866–606–8220.

- Grants.gov: contact the [Grants.gov Customer Support Hotline](#) 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday-Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must:

- Describe the technical difficulties experienced (provide screenshots if applicable).
- Include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- Include an attachment of the complete grant application and all the required documentation and materials.
- Include the applicant’s Unique Entity Identifier (UEI).
- Include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](#).

Application and Submission Information

Content of Application Submission and Available Surveys

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)
- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

Content of the JustGrants Application Submission

Entity and User Verification (First-Time Applicant)

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. The email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages and who can access JustGrants on behalf of the applicant), Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48–72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The “Standard Applicant Information” section of the JustGrants application is prepopulated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Brief Applicant Entity Questionnaire

OJP is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 30 numbered pages. Tables, charts, and graphs may be included in the proposal narrative and will count toward the page limit; however, they may be submitted in a legible font smaller than 12 point. Tables, charts, and graphs should not be smaller than 10-point font. If the proposal narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions.

The proposal narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe why this project/these proposed activities are necessary (significance/value) or address a need (youth and the effects of opioid use and other substance use). Include supporting information, such as data to provide evidence that the need exists, demonstrate the size and scope of the problem, and document the effects of the opioid and other substance use problem on the target population and the larger community as well as how youth and family partnerships will help to address the need. Any data or research referenced in the narrative should include information about the source of the data and/or a citation.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. OJJDP encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Applicants should describe how task force representatives will be identified and, if already identified, who they are and the process by which they were selected. Applicants should describe their capacity to bring the task force representatives and key stakeholders together to share data and to develop a coordinated community response with effective strategies and knowledge-based practices about the causes of opioid addiction and crime. Applicants should discuss any current activities that have been implemented to address the impact that opioids have had on children, youth, and their families, and how those activities will be incorporated into the planning phase.

Applicants should discuss the capacity of the site coordinators' ability to monitor and manage the activities identified in the implementation phase. Successful applicants will discuss the role(s) the service coordinator will have in order to ensure programs and service delivery models are implemented with desired or intended outcomes.

As indicated in the **Program Description Overview** section, applicants should describe how their proposed project/program will integrate and sustain meaningful youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative, such as how youth and families who serve as experts on the project are compensated. For resources/guidance on effective youth and family partnership strategies and practices, click [here](#).

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If an applicant is seeking consideration under Priority 1A, it should explain in this section how the proposed project(s) will meaningfully address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. The applicant should also identify how the project design and implementation will specifically incorporate the input and/or participation of these communities.

c. Capabilities and Competencies

Describe the capabilities (what the applicant brings to the project such as resources, experience, expertise) and competencies (the unique skills and abilities of the applicant) required to accomplish the goals and objectives of the project, highlighting any previous experience implementing projects of similar design or magnitude, or supporting youth and family partnerships. Applicants should highlight their experience/capability/capacity to manage subawards (if applicable to this project), including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the

roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1B, it should: (1) describe within this section how being a population-specific organization (or funding a population-specific subrecipient organization at a minimum of 40 percent of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population-specific organization is specifically designed to serve communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population-specific organization).

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring project performance. Identify how you will utilize youth and family voices in deciding which data will be collected, who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the project's impact. Describe the process to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section. Applicants can visit [OJP's performance measurement page](#) at www.ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this program can be found at [performance-measures-opioid-affected-youth-program.pdf \(ojp.gov\)](#). Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the [“Note on Project Evaluations”](#) section in the [Application Resource Guide](#).

Application Goals, Objectives, Deliverables, and Timeline Web-Based Form

The applicant will submit the project’s goals, objectives, deliverables, and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project’s intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project’s desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

Deliverables Expected by Successful Applicants

Program objectives and deliverables should be included in one timeline.

Project sites are asked to work with the Opioid Affected Youth Initiative (OAYI) training and technical assistance provider to: (1) develop a multidisciplinary task force with working groups to identify specific areas of concern; (2) collect and interpret data that will assist the task force in developing strategies and programming that will be used to better coordinate response efforts and resources; and (3) implement services that will address public safety concerns, intervention, and prevention for children, youth, and families directly impacted by opioid use and other substance use disorders.

Project sites should work in partnership with stakeholders from law enforcement, education, probation and community supervision, judges, mental health service providers, medical physicians/examiners, prosecutors, community-based organizations that address substance abuse, child welfare agencies, child protective services, first responders, and other community health agencies.

Deliverables under this solicitation may include:

- Develop strategic partnerships using a collaborative approach to respond to the opioid epidemic.
- Collect and use data to develop data-driven responses that address the misuse of opioids and illicit substances.

- Develop strategies to improve service coordination that will address public safety concerns, such as training, intervention, prevention, and programs for children, youth, and families directly impacted by opioid and substance use disorder.
- Implement coordinated delivery services and programs.

Successful applicants will develop a collaborative approach to identify and respond to the impact that the opioid and substance use epidemic has had on children, youth, and their families by developing data-sharing tools that will allow the applicant to identify and respond to public safety concerns caused by the crisis, identify types of opioids and substances used and reasons for use, identify the degree of opioid and substance use among youth and adults in the community, identify the specific impacts caused by the crisis, and develop a response to determine and respond to the impact of opioids and other substances.

Applicants should address deliverables for a planning phase and implementation phase of the project and include the following:

Planning Phase (Year 1). Successful applicants should have a site coordinator who will serve as a point of contact with its designated partners to establish and convene a task force to identify specific areas of concern. The task force members should include at least one representative from each of the following categories: law enforcement, education, probation and community supervision, juvenile or adult court, mental health service providers, medical physicians/examiners, prosecutors, community-based organizations that address substance abuse, child welfare agencies, first responders, community health agencies, and the juvenile justice state advisory group.

Applicants may also include on the task force representatives from other state or local agencies, community groups, youth-serving programs, or family service programs that provide services that address opioid addiction and treatment.

In addition, applicants may establish working groups that include or do not include representatives from the task force but must be approved by and report to the task force, to examine specific or unique areas of concern that have been identified by the task force. The task force will develop and submit a final strategic plan that uses data to determine the most effective strategies and services needed to address the impact of opioid use and other substance use on children, youth, and their families within their communities and jurisdictions.

The members of the task force do not have to be specifically identified in the application, and memoranda of understanding or letters of support are not required to be submitted with the grant application. However, the successful applicant will be required to submit memoranda of understanding from all task force representatives at the start of the planning phase. If applicants have already identified representatives of the task force, the applicants should identify the representatives in the application and explain how their involvement will contribute to the goals and deliverables of the initiative.

During the planning phase, site coordinators will work with the OAYI training and technical assistance (TTA) provider to:

- Develop data-sharing agreements to collect and analyze data across stakeholders; use the data to examine trends, public safety needs, and gaps in service delivery and

coordination; and strategize ways to improve the response to and coordination of services for children, youth, and families impacted by opioid use and other substance use.

- Develop baseline, short-term, and long-term outcome indicators prior to the implementation of the program.
- Develop a strategy that identifies safety, services, and program needs.
- Develop a youth and family advisory component, such as a committee appointment that elevates the leadership, expertise, and lived experiences of youth and families into actionable change.
- Develop a plan for how service needs will be addressed and implemented for the intended audience.

Implementation Phase (Years 2 and 3). Site coordinators will continue to work with the OAYI TTA provider to develop and implement program and service delivery models informed by the data collected in the planning phase and strategies outlined in the final strategic plans. Specifically, site coordinators will be responsible for ensuring:

- Coordinated responses and services are developed and successfully implemented.
- Public safety concerns are effectively acknowledged and addressed through coordinated service delivery models and programs.
- Community accountability and awareness activities are implemented.
- Data are shared and communicated across task force representatives and stakeholders.
- Ongoing data analysis and data-driven decisionmaking continue throughout the implementation phase.
- Program and service delivery models engage youth and family voices in the decisionmaking and system improvement process.
- Treatment services to children, youth, and families served are documented and the overall impact of service delivery models is continuously assessed for effectiveness.
- Implemented programs and service delivery models are sustainable until desired outcomes are realized.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Data-Driven Approaches

OJJDP recommends that successful applicants collect participation data to determine program effectiveness and share these data with appropriate stakeholders. Data integration with electronic law enforcement records, overdose episodes, and substance abuse-related decision support tools for providers can increase program effectiveness. Using data, recipients can strategically plan ways to eradicate or address the opioid or substance use problem; develop and implement accountability approaches related to the impacts of opioids and crime; ensure public safety; and determine the level of services offered to help youth, families, and children affected by opioids.

Budget and Associated Documentation

Funding Restrictions

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the “[Application Resource Guide](#)” section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

If the applicant is seeking priority consideration under Priority 1A and has proposed activities to incorporate the input and participation of communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1B based on the identification of a proposed subrecipient as a population-specific organization, the proposed funding for the subrecipient must **reflect a minimum of 40 percent of the total award funding** within the web-based budget form. The budget narrative must also describe how the **activities that will be funded** with the (minimum) 40 percent of award funding provided to the subrecipient **specifically relate to the proposed project** that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

The budget narrative **must clearly describe how the project is fiscally supporting youth and family partnerships**. This could include compensating them for their expertise, providing transportation, etc.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable)

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A nonfederal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

Consultant Rate (if applicable)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)

If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

Disclosure of Process Related to Executive Compensation (if applicable)

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the "Application Attachments" section of the [Application Resource Guide](#) for information.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes (if applicable)

Provide resumes of key personnel who will work on the proposed project.

Tribal Authorizing Resolution (if applicable)

An application in response to this solicitation may require inclusion of Tribal authorizing documentation as an attachment. If applicable, the applicant will upload the Tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on Tribal authorizing resolutions.

Letters of Support (if applicable)

Applicants may include, for each named supporting entity, a signed letter of support that outlines the supporting entity's reasons for supporting for the project. Applications submitted from two or more entities are encouraged to submit signed letters of support that provide a detailed description of why the proposed project should receive federal funding.

Each letter of support may include the following: (1) a description of the relationship between the applicant entity and the supporting entity, (2) a description of the need and what benefits would be gained from the project, (3) a discussion of past/current experiences in supporting youth and family partnerships, and (4) a description of the applicant's capacity to complete the proposed project. Letters of support should be signed and then submitted as one separate attachment to the application.

Memoranda of Understanding (MOUs) and Other Supportive Documents (if applicable)

Applicants may include, for each named partner, a draft or fully executed Memorandum of Understanding (MOU) or subcontract that confirms the partner's agreement to support the project through commitments of staff time, space, services, or other project needs. For applications submitted from two or more entities, applicants are encouraged to develop and submit signed MOUs or signed Letters of Intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each MOU should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, (3) whether, and if so, how the partnership helps to establish or enhance youth and family partnerships, and (4) duration of the agreement. Subcontracts, MOUs, or Letters of Intent should be submitted as one separate attachment to the application.

Note: applicants are not required to submit memoranda of understanding with their grant application. However, the successful applicant will be required to submit memoranda of understanding from all task force representatives at the start of the planning phase.

Subcontracts or MOUs should be submitted as one separate attachment to the application.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

Applicant Disclosure of Duplication in Cost Items

To ensure funding coordination across grant-making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing
Review and accept in JustGrants the DOJ Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk grantee is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Application Review Information

Review Criteria

Basic Minimum Review Criteria

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within any stated programmatic funding limits or boundaries.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Description of the Issue (10%): evaluate the applicant's understanding of the program/issue to be addressed.
- Project Design and Implementation (45%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (25%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.

- Plan for Collecting the Data Required for This Solicitation’s Performance Measures (10%): evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (10%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 C.F.R. Part 200, Subpart E](#).

Risk Criteria/Factors

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [“Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards”](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient’s program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs.

For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard-of-hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <https://www.ada.gov/> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

General Information About Post-Federal Award Reporting Requirements

In addition to the deliverables described in the “[Program Description](#)” section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports. Award recipients must submit quarterly financial reports and semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent (in appropriate cases, OJP may require additional reports).

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data.
