Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

OJJDP's guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful partnership and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into their project plan and budget. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

With this solicitation, OJJDP seeks to fund jurisdictions to close and repurpose youth detention and correctional facilities, reinvest cost savings to expand community-based alternatives to youth incarceration, and assess and respond to the economic impact of closures on facility staff and surrounding communities.

Statutory Authority

Department of Justice Appropriations Act, 2023, Pub. L. No. 117-328, 136 Stat. 4459, 4537.

Specific Information

The Community-Based Alternatives to Youth Incarceration Initiative will support jurisdictions to close youth detention and correctional facilities, assess and respond to the impact of closures on facility staff and the surrounding communities, and reinvest state and local resources to support more effective community-based services and supports for justice-involved youth and their families. This is an opportunity for states, Tribal governments and localities to innovate and explore spending alternatives to develop, expand, and enhance community-based alternatives to youth incarceration and address public safety priorities. The initiative will support the development and implementation of innovative strategies for closing youth detention and correctional facilities and reinvesting cost savings in community-based solutions that promote positive outcomes for youth, increase public safety, and strengthen neighborhoods.

Funding will support jurisdictions in a community-driven consultation and justice reinvestment planning process that leverages the expertise of staff, representatives from impacted communities, community-based service providers, local foundations, and other key stakeholders to help close and repurpose youth detention and correctional facilities. Stakeholders may include representatives from the state judiciary (chief justice, family court judges, other judges); legislature (Senate leader, judiciary chairs, Speaker of the House, appropriations committee, other legislators); and the executive (Governor, budget officials, city government, including the mayor).^[1] Other relevant stakeholders include youth and families, advocacy groups, social services agencies, and public health.

The initiative will be supported by a training and technical assistance provider to assist grantees in the planning process as needed, identify evidence-informed practices for correctional and detention facility closure, and develop economic impact strategies that result in cost savings and reinvestment in community-based alternatives to youth incarceration.

[1] In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Goals, Objectives, and Deliverables

Goals

The goals of this initiative are to assist jurisdictions in closing and repurposing youth detention and correctional facilities, assess and respond to the economic impact of closures on facility staff and the surrounding communities, and reinvest cost savings in expanding

community-based alternatives to youth incarceration.

Objective

The objective of this initiative is to support jurisdictions in developing and implementing community-driven plans to close and repurpose youth detention and correctional facilities. Applicants are expected to engage, and leverage expertise from, stakeholders, community-based service providers, local foundations, and members of the impacted communities in a strategic planning process. Plans must respond to the economic impact of closures on facility staff and the surrounding communities, as well as sustainable, data-driven strategies to reinvest cost savings from youth detention and correctional facility closures into proven, effective youth justice programs and services.

Deliverables

Category 1: Community-Based Alternatives to Youth Incarceration: Planning and Feasibility Assessments

Jurisdictions funded under Category 1 are expected to conduct a feasibility assessment to develop a community-driven strategic plan to support the initiative's goals and objectives.

Selected applicants will engage in the following planning activities:

- Identify existing alternatives to youth detention and incarceration and review the capacity and effectiveness of these alternatives in the jurisdictions of focus. From this review, co-design, improve, and expand the continuum of community-based services to address the needs of impacted youth.
- Develop a plan for the feasibility assessment.
- Develop a process for convening a diverse committee of critical stakeholders, including state- and local-level decisionmakers, juvenile justice agency leaders (including juvenile probation, detention, and corrections), state labor agency representatives, youth- and family-serving community-based service providers, impacted youth and their families, and community leaders and advocates.
- Work collaboratively with the OJJDP-approved training and technical assistance provider to conduct the feasibility assessment and develop the strategic plan.

Category 2: Community-Based Alternatives to Youth Incarceration Initiative: Implementation

Jurisdictions funded under Category 2 are expected to develop community-driven, strategic plans to achieve the initiative's goals and objectives.

Selected applicants will engage in the following planning activities:

- Convene and collaborate with a diverse committee of critical stakeholders, including state- and local-level decisionmakers, juvenile justice agency leaders (including juvenile probation, detention, and corrections), state labor agency representatives, youth- and family-serving community-based service providers, impacted youth and their families, and community leaders and advocates.
- Conduct data analysis, including surveys and interviews, with youth and community

stakeholders impacted by the closure of detention and correctional facilities, as well as the staff who currently work in the youth detention and correctional facilities.

- Conduct a fiscal analysis of current and projected resources and expenditures. This would involve assessing how the jurisdiction's youth detention system currently spends its funding, including (1) identifying sources of funding, (2) the amount that the system spends on each type of intervention, (3) trends in the total costs for each intervention category, (4) the cost per unit of capacity (e.g., annualized cost per available bed), and (5) costs per young person.
- Review the capacity and effectiveness of existing alternatives to youth incarceration in the impacted communities. From this review, co-design, improve, and expand the continuum of community-based services to address the needs of impacted youth.
- Develop a short-, intermediate-, and long-term strategic plan, with assistance from an OJJDP-approved training and technical assistance provider, for closing and repurposing the youth detention or correctional facility; redirecting resources from the facility closure into proven, effective youth justice programs and services; and responding to the economic impact of the closure on facility staff and the surrounding communities. This plan should include:
 - Cost estimates and sources of funding.
 - Timeline for implementation.
 - Strategies to train and redeploy staff currently employed by the youth detention facility.
 - In jurisdictions where the plan is to repurpose/maintain use of the facility, the plan should include community engagement and co-design efforts to ensure resources are meeting the needs of the impacted youth and community.
- Work collaboratively and closely with the OJJDP-approved training and technical assistance provider.

Successful examples of repurposing a closed youth detention facility to improve public safety and strengthen neighborhoods include, but are not limited to, using the space for:

- A "teen center" that offers communal space, free Internet, a music room, and other entertainment for youth.
- A recovery center and "one-stop shop" for social services.
- A reentry center for justice-involved youth and adults.
- Other purposes such as affordable housing, commercial space, public parks, or event space.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under

the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or Tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

C. OJJDP will give priority consideration to applicants that demonstrate a commitment to ensuring fairness, equity, and access to justice for all children and families regardless of their race or ethnicity; religion; socioeconomic status; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity or expression; geographic location; or other characteristics historically linked to discrimination or exclusion.

To receive this priority consideration, applicants must include in their application a plan that describes how the applicant will incorporate these values and priorities into their program design.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJJDP may consider such noncompliance in peer

review and in final award decision.

The proposal narrative must include the following sections:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and/or a citation. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Applicants should describe their vision and plan for meaningfully and sustainably integrating youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative. For resources/guidance on effective youth and family partnership strategies and practices, click [here](#).

If an applicant believes that their project design is in no way amenable to incorporating youth and family partnership, the applicant should instead provide a detailed explanation and justification for excluding this element.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

If the applicant is seeking priority consideration for Priority 1(C), it should address in this section how the proposed project(s) will ensure fairness, equity, and access to justice for all children and families regardless of their religion; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity;

or other characteristics historically linked to discrimination or exclusion not already identified under Priority 1(A).

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://oijdp.ojp.gov/funding/grant-performance-measurement/progress-reporting->

[questions.pdf](#).

OJJDP will require award recipients to submit performance measure data and performance reports in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the [OJP Grant Application Resource Guide](#).

Goal, Objective and Deliverables

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measureable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)). On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on April 11, 2023.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on April 25, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged

to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (10%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
