---

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is seeking applications for funding under the fiscal year (FY) 2017 Enhancing Forensic Capacity for Internet Crimes Against Children Task Forces Program. This initiative will enhance forensic capacity for a limited number of task forces currently funded under the OJJDP Internet Crimes Against Children (ICAC) Task Force Program. This program furthers the Department's mission by helping state and local law enforcement agencies meet the demand for effective and efficient forensic examinations to support the investigation and prosecution of online enticement and exploitation of children by sexual predators and child pornography.

## **OJJDP FY 2017 Internet Crimes Against Children Task Forces: Forensic Capacity Hiring Program for Wounded Veterans**

**Applications Due: July 10, 2017**

### **Eligibility**

Eligible applicants are limited to existing ICAC task force grantees funded under the OJJDP ICAC Task Force Program.

### **Deadline**

Applicants must register with [Grants.gov](#) prior to submitting an application. All applications are due by 11:59 p.m. eastern time (ET) on July 10, 2017.

To be considered timely, an application must be submitted by the application deadline using Grants.gov, and the applicant must have received a validation message from Grants.gov that indicates successful and timely submission. OJP urges applicants to submit applications at least 72 hours prior to the application due date to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP encourages all applicants to read this [Important Notice: Applying for Grants in Grants.gov](#).

For additional information, see [How To Apply](#) in Section D. Application and Submission Information.

## Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via email to [support@grants.gov](mailto:support@grants.gov). The [Grants.gov](http://Grants.gov) Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must email the National Criminal Justice Reference Service Response Center (Response Center) **within 24 hours after the application deadline** in order to request approval to submit its application after the deadline. Additional information on reporting technical issues appears under “Experiencing Unforeseen Grants.gov Technical Issues” in the [How To Apply](#) section.

For assistance with any other requirements of this solicitation, contact the Response Center by telephone at 800-851-3420 or TTY: 301-240-6310 (hearing impaired only), by email at [grants@ncjrs.gov](mailto:grants@ncjrs.gov), or by [web chat](#). Response Center hours of operation are 10 a.m. to 6 p.m. ET, Monday through Friday, and 10 a.m. to 8 p.m. ET on the solicitation close date. Answers to frequently asked questions that may assist applicants are posted at [www.ojjdp.gov/grants/solicitations/FY2017/FAQ/ICACHero.pdf](http://www.ojjdp.gov/grants/solicitations/FY2017/FAQ/ICACHero.pdf).

# OJJDP FY 2017 Internet Crimes Against Children Task Forces: Forensic Capacity Hiring Program for Wounded Veterans CFDA #16.543

## A. Program Description

### Overview

The ability to develop and maintain digital forensic expertise is essential for the viability of an ICAC task force. This solicitation supports the enhancement of task force capacity to effectively and efficiently conduct forensic examinations of evidence in cases of technology-facilitated child exploitation.

OJJDP will provide support to select ICAC task forces to hire wounded, injured, or ill veterans to (1) serve as digital forensic analysts to enhance the forensic examination capacity of the task force; (2) improve ICAC task force effectiveness to prevent, interdict, investigate, and prosecute Internet crimes against children and technology-facilitated child exploitation; and (3) reduce forensic examination backlogs and/or increase the number of forensic exams completed by ICAC task forces during the project period.

**Statutory Authority:** This program is authorized pursuant to the Department of Justice Appropriations Act, 2017 (Pub. L. 115-31).

### Program-Specific Information

The ICAC Task Force Program has been protecting American children since 1998 and is currently authorized through the Providing Resources, Officers, and Technology to Eradicate Cyber Threats to Our Children Act of 2008 (P.L. 110-401, codified at 42 USC 17601, et seq.) (the "PROTECT Act"). According to the PROTECT Act, the ICAC Task Force Program shall include at least one ICAC task force in each state.

The ICAC Task Force Program supports a national network of 61 multiagency, multijurisdictional task forces engaged in investigations, forensic examinations, and prosecutions related to Internet crimes against children and technology-facilitated child exploitation. Additionally, the task forces provide forensic and investigative technical assistance to law enforcement and prosecutorial officials and provide community education information to parents, educators, prosecutors, law enforcement, and others concerned with child victimization. ICAC task forces seize increasing amounts of digital evidence in the course of their investigations. This large volume of digital evidence often results in forensic examination backlogs. This initiative will support a forensic analyst position for selected ICAC task forces to help address these backlogs, reduce evidence processing times, and increase prosecutions of those who commit Internet crimes against children.

The Human Exploitation Rescue Operative (HERO) Child Rescue Corps is a primary source of candidates to fill the position that this initiative supports. The HERO Child Rescue Corps program was developed by the Department of Homeland Security, U.S. Immigration and

Customs Enforcement's Homeland Security Investigations (HSI), U.S. Special Operations Command, Oak Ridge National Laboratory, and the National Center to Protect Children. The program provides training in high-technology computer forensics and law enforcement skills to wounded, injured, and ill Special Operations veterans for the purpose of combatting online child exploitation. Veterans accepted to the program receive the following:

- Four weeks of introductory training at the Oak Ridge National Laboratory.
- Six weeks of intensive computer forensics training leading to certifications in CompTIA A+, AccessData Certified Examiners, and EnCase 1.
- Ten months of practical experience assisting HSI special agents with criminal cases and prosecutions.

Hiring HERO graduates for the digital forensic analyst positions is the top priority; however, consideration of other identified wounded, injured, or ill veteran candidates is permitted in cases where task force agencies are unable to fill the position with a HERO candidate.

### **Goals, Objectives, and Deliverables**

The goal of this initiative is to hire wounded, injured, or ill veterans to (1) serve as digital forensic analysts to enhance the digital forensic examination capacity of select ICAC task forces; (2) improve task force effectiveness to prevent, interdict, investigate, and prosecute Internet crimes against children and technology-facilitated child exploitation; and (3) reduce forensic examination backlogs and/or increase the number of forensic exams completed by ICAC task forces during the project period. OJJDP requires agencies to select personnel for the position(s) from a pool of eligible HERO Child Rescue Corps candidates; however, task forces that are unable to fill the position with a HERO candidate may be permitted to consider other identified wounded, injured, or ill veteran candidates.

Applicants must explain the process they will undertake to address the goals and objectives listed above. Additionally, applicants must:

- Detail the hiring and selection process for the digital forensic analyst position (including a timeline).
- Include an assessment of their task force's forensics capability and an inventory of their existing resources for completing forensic investigations.

Project deliverables include:

- Numerical targets for reducing the task force forensic examination backlog and/or increasing the number of forensic exams completed during each 6-month reporting period.
- Semiannual data on actual numbers of forensic exams conducted during each 6-month reporting period.

The Goals, Objectives, and Deliverables are directly related to the performance measures set out in the table in [Section D. Application and Submission Information](#), under "Program Narrative."

## Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates.
- Integrating evidence into program, practice, and policy decisions within OJP and the field.
- Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. Applicants may use the OJP [CrimeSolutions.gov](http://CrimeSolutions.gov) website and the [OJJDP Model Programs Guide](#) website to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

## B. Federal Award Information

OJJDP expects to make three awards of up to \$200,000<sup>1</sup> each, with an estimated total amount awarded of up to \$600,000. OJJDP expects to make awards for a period of performance of up to 36 months, to begin on October 1, 2017. Agencies will be required to fund the digital forensic analyst position for a minimum of 24 months.

All awards are subject to the availability of appropriated funds, and to any modifications or additional requirements that may be imposed by law.

### Type of Award

OJJDP expects that any award from this solicitation will be made in the form of a cooperative agreement, which is a type of award that provides for OJP to have substantial involvement in carrying out award activities. See [Administrative, National Policy, and Other Legal Requirements](#), under [Section F. Federal Award Administration Information](#), for a brief discussion of what may constitute substantial federal involvement.

---

<sup>1</sup> Task forces may use funds awarded to them under their annual ICAC Task Force Program awards to provide additional support for this position, such as training or equipment. The ICAC task force should contact OJJDP to determine if a budget modification may be necessary in these cases.

## Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities<sup>2</sup>) must, as described in the Part 200 Uniform Requirements<sup>3</sup> as set out at 2 C.F.R. 200.303:

- a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- c) Evaluate and monitor [the recipient’s (and any subrecipient’s)] compliance with statutes, regulations, and the terms and conditions of Federal awards.
- d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or [the recipient (or any subrecipient)] considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

To help ensure that applicants understand applicable administrative requirements and cost principles, OJP encourages prospective applicants to enroll, at no charge, in the DOJ Grants Financial Management Online Training, available [here](#).

## Budget Information

### Cost Sharing or Match Requirement

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

---

<sup>2</sup> For purposes of this solicitation, the phrase “pass-through entity” includes any recipient or subrecipient that provides a subaward (“subgrant”) to a subrecipient (“subgrantee”) to carry out part of the funded award or program.

<sup>3</sup> The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.

### **Preagreement Costs (also known as Preaward Costs)**

Preagreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does **not** typically approve preagreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving preagreement costs, the applicant may contact the point of contact listed on the title page of this solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for preagreement costs, consistent with the recipient's approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the [DOJ Grants Financial Guide](#) for more information.

### **Limitation on Use of Award Funds for Employee Compensation; Waiver**

With respect to any award of more than \$250,000 made under this solicitation, a recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.<sup>4</sup> The 2017 salary table for SES employees is available at the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with nonfederal funds. (Nonfederal funds used for any such additional compensation will not be considered matching funds, where match requirements apply.) If only a portion of an employee's time is charged to an OJP award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, this limitation on compensation rates allowable under an award. An applicant that requests a waiver should include a detailed justification in the budget narrative of its application. An applicant that does not submit a waiver request and justification with its application should anticipate that OJP will require the applicant to adjust and resubmit the budget.

The justification should address—in the context of the work the individual would do under the award—the particular qualifications and expertise of the individual, the uniqueness of a service the individual will provide, the individual's specific knowledge of the proposed program or project, and a statement that explains whether and how the individual's salary under the award would be commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work he or she would do under the award.

### **Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs**

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events, available at [www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm](http://www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm). OJP policy and

---

<sup>4</sup> OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed in Appendix VIII to 2 C.F.R. Part 200.

guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients, as well as some conference, meeting, and training costs for grant recipients; and (3) set cost limits, which include a general prohibition of all food and beverage costs.

### **Costs Associated With Language Assistance (if applicable)**

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate.

For additional information, see the "Civil Rights Compliance" section under "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#)" in the [OJP Funding Resource Center](#).

## **C. Eligibility Information**

For eligibility information, see the title page.

For information on cost sharing or match requirements, see [Section B. Federal Award Information](#).

## **D. Application and Submission Information**

### **What an Application Should Include**

This section describes in detail what an application should include. An applicant should anticipate that failure to submit an application that contains all of the specified elements may negatively affect the review of the application; and, should a decision be made to make an award, it may result in the inclusion of award conditions that preclude the recipient from accessing or using award funds until the recipient satisfies the conditions and OJP makes the funds available.

Moreover, an applicant should anticipate that an application that OJP determines is nonresponsive to the scope of the solicitation, or that OJP determines does not include the application elements that OJJDP has designated to be critical, will neither proceed to peer review nor receive further consideration. For this solicitation, OJJDP has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative. An applicant may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain **both** narrative and detail information. Review the "Note on File Names and File Types" under [How To Apply](#) to be sure applications are submitted in permitted formats.

*OJP strongly recommends that applicants use appropriately descriptive file names (e.g., "Program Narrative," "Budget Detail Worksheet and Budget Narrative," "Timelines," "Memoranda of Understanding," "Résumés") for all attachments. Also, OJP recommends that applicants include résumés in a single file.*

## 1. Information To Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of preapplications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant's profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).

To avoid processing delays, an applicant must include an accurate legal name on its SF-424. Current OJP award recipients, when completing the field for "Legal Name," should use the same legal name that appears on the prior year award document, which is also the legal name stored in OJP's financial system. On the SF-424, enter the legal name in box 5 and Employer Identification Number (EIN) in box 6 exactly as it appears on the prior year award document. An applicant with current, active awards must ensure that its GMS profile is current. If the profile is not current, the applicant should submit a Grant Adjustment Notice (GAN) updating the information on its GMS profile prior to applying under this solicitation.

A new applicant entity should enter the official legal name and address of the applicant entity in box 5 and the EIN in box 6 of the SF-424. An applicant must attach official legal documents to its application (e.g., articles of incorporation, 501(c)(3), etc.) to confirm the legal name, address, and EIN entered into the SF-424.

**Intergovernmental Review:** This solicitation ("funding opportunity") **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant must answer question 19 by selecting the response that the "Program is not covered by E.O. 12372.")

## 2. Project Abstract

Applications should include a high-quality abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with "Project Abstract" as part of its file name.
- Single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins.

The abstract should briefly describe the project's purpose, the population to be served, and the activities that the applicant will implement to achieve the project's goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research. All project abstracts should follow the detailed template available at [ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf](http://ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf).

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

## 3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30

pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem; (2) goals, objectives, and performance measures; (3) program design and implementation; and (4) capabilities/competencies. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program’s structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:<sup>5</sup>

- a. **Statement of the Problem.** Applicants should briefly describe the nature and scope of Internet crimes against children in their jurisdiction, the need for investigating Internet crimes against children, and the need to enhance forensic capacity. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

- b. **Goals, Objectives, and Performance Measures.** Applicants should describe the goals of the proposed program and identify its objectives. When formulating the program’s goals and objectives, applicants should be cognizant of the performance measures that OJJDP will require successful applicants to provide.

**Goals.** Applicants should describe the program’s intent to change, reduce, or eliminate the problem noted in the previous section and outline the project’s goals.

**Program Objectives.** Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project’s desired results. They should be clearly linked to the problem identified in the preceding section and measurable. (Examples of measurable objectives include the following: to increase the number of forensic exams completed in a 6-month reporting period by 30 percent or to reduce forensic backlog processing time by 20 percent.)

---

<sup>5</sup> For information on subawards (including the details on proposed subawards that should be included in the application), see "Budget and Associated Documentation" under [Section D. Application and Submission Information](#).

**Performance Measures.** OJP will require each successful applicant to submit specific performance measures data as part of its reporting under the award (see [“General Information About Post-Federal Award Reporting Requirements”](#) in [Section F. Federal Award Administration Information](#)). The performance measures correlate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables" in [Section A. Program Description](#).

The application should describe the applicant's plan for collection of all of the performance measures data listed in the table below under “Data Recipient Provides,” should it receive funding. OJJDP does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that OJJDP will require successful applicants to submit specific data as part of their reporting requirements.

OJJDP encourages award recipients to use information from existing program records to fulfill performance measures reporting requirements rather than initiating new data collection activities for this purpose.

Objective	Performance Measure(s)	Description	Data Recipient Provides
Enhance ICAC task force digital forensic capacity by increasing the number of forensic examinations completed.	Percent increase in the number of forensic examinations.	Number of forensic examinations completed during each reporting period compared with the baseline number of forensic examinations completed in an average 6-month period prior to the start of the award.	Number of forensic examinations completed during the reporting period.  Number of forensic examinations completed in an average 6-month period prior to the start of the award.
Reduce backlog of cases awaiting forensic examination.	Percent reduction in the backlog of cases awaiting forensic examination.	Determine the percent reduction in the backlog of cases awaiting forensic examination during the reporting period.	Number of cases awaiting forensic examination during the reporting period.  Number of cases receiving forensic examination during the reporting period.
Increase the number of cases prosecuted as a result of enhanced forensic capacity.	Percent increase in the number of cases referred to prosecutors.	Determine the percent increase in the number of cases referred to prosecutors as the result of additional forensic capacity.	Number of cases referred to prosecutors.  Number of cases referred to prosecutors in an average 6-month period prior to the start of the award.

### **Note on Project Evaluations**

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measures data reporting requirements, likely do not constitute “research.” Each applicant should provide sufficient information for OJP to determine whether the particular project it proposes would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ definition of research that appears at 28 C.F.R. Part 46 (“Protection of Human Subjects”).

Research, for purposes of human subjects protection for OJP-funded programs, is defined as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” 28 C.F.R. 46.102(d).

For additional information on determining whether a proposed activity would constitute research for purposes of human subjects protection, applicants should consult the decision tree in the “Research and the protection of human subjects” section of the [“Requirements related to Research”](#) webpage of the [“Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017,”](#) available through the [OJP Funding Resource Center](#). Every prospective applicant whose application may propose a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that webpage.

- c. Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 5.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

**Logic Model.** Applicants should include a logic model that graphically illustrates how the performance measures are related to the project’s problems, goals, objectives, and design. See sample logic models [here](#). Applicants should submit the logic model as a separate attachment, as stipulated in Additional Attachments, page 18.

**Timeline.** Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” [here](#)).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 18. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

- d. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

#### 4. Budget and Associated Documentation

Applicants should provide a budget that (1) is complete, allowable, and cost effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how they arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities. The budget should cover the entire award period.

For questions pertaining to budget and examples of allowable and unallowable costs, see the [DOJ Grants Financial Guide](#).

- a. **Budget Detail Worksheet**

A sample Budget Detail Worksheet can be found at [www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf](http://www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf). An applicant that submits its budget in a different format should use the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should break out costs by year.

- b. **Budget Narrative**

The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narrative how they will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The budget narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables

for clarification purposes, but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the budget narrative should describe costs by year.

**c. Information on Proposed Subawards (if any), as well as on Proposed Procurement Contracts (if any)**

Applicants for OJP awards typically may propose to make subawards. Applicants also may propose to enter into procurement contracts under the award.

Whether—for purposes of federal grants administrative requirements—a particular agreement between a recipient and a third party will be considered a subaward or a procurement contract under the award is determined by federal rules and applicable OJP guidance. It is an important distinction, in part because the federal administrative rules and requirements that apply to subawards and to procurement contracts under awards differ markedly.

In general, the central question is the relationship between what the third party will do under its agreement with the recipient and what the recipient has committed (to OJP) to do under its award to further a public purpose (e.g., services the recipient will provide, products it will develop or modify, research or evaluation it will conduct). If a third party will provide some of the services the recipient has committed (to OJP) to provide, will develop or modify all or part of a product the recipient has committed (to OJP) to develop or modify, or will conduct part of the research or evaluation the recipient has committed (to OJP) to conduct, OJP will consider the agreement with the third party a subaward for purposes of federal grants administrative requirements.

This will be true **even if** the recipient, for internal or other nonfederal purposes, labels or treats its agreement as a procurement, a contract, or a procurement contract. Neither the title nor the structure of an agreement determines whether the agreement—for purposes of federal grants administrative requirements—is a subaward or is instead a procurement contract under an award.

Additional guidance on the circumstances under which (for purposes of federal grants administrative requirements) an agreement constitutes a subaward as opposed to a procurement contract under an award, is available (along with other resources) on the [OJP Part 200 Uniform Requirements](#) webpage.

**1. Information on proposed subawards**

A recipient of an OJP award may not make subawards ("subgrants") unless the recipient has specific federal authorization to do so. Unless an applicable statute or DOJ regulation specifically authorizes (or requires) subawards, a recipient must have authorization from OJP before it may make a subaward.

A particular subaward may be authorized by OJP because the recipient included a sufficiently detailed description and justification of the proposed subaward in the application as approved by OJP. If, however, a particular subaward is not authorized by federal statute or regulation, and is not sufficiently described and justified in the application as approved by OJP, the recipient will be required, post-award, to request and obtain written authorization from OJP before it may make the subaward.

If an applicant proposes to make one or more subawards to carry out the federal award and program, the applicant should (1) identify (if known) the proposed subrecipient(s), (2) describe in detail what each subrecipient will do to carry out the federal award and federal program, and (3) provide a justification for the subaward(s), with details on pertinent matters such as special qualifications and areas of expertise. Pertinent information on subawards should appear not only in the Program Narrative, but also in the Budget Detail Worksheet and budget narrative.

## **2. Information on proposed procurement contracts (with specific justification for proposed noncompetitive contracts over \$150,000)**

Unlike a recipient contemplating a subaward, a recipient of an OJP award generally does not need specific prior federal authorization to enter into an agreement that—for purposes of federal grants administrative requirements—is considered a procurement contract, **provided that** (1) the recipient uses its own documented procurement procedures and (2) those procedures conform to applicable federal law, including the Procurement Standards of the (DOJ) Part 200 Uniform Requirements (as set out at 2 C.F.R. 200.317 - 200.326). The Budget Detail Worksheet and budget narrative should identify proposed procurement contracts. (As discussed above, subawards must be identified and described separately from procurement contracts.)

The Procurement Standards in the Part 200 Uniform Requirements, however, reflect a general expectation that agreements that (for purposes of federal grants administrative requirements) constitute procurement “contracts” under awards will be entered into on the basis of full and open competition. If a proposed procurement contract would exceed the simplified acquisition threshold—currently, \$150,000—a recipient of an OJP award may not proceed without competition unless and until the recipient receives specific advance authorization from OJP to use a noncompetitive approach for the procurement.

An applicant that (at the time of its application) intends—without competition—to enter into a procurement “contract” that would exceed \$150,000 should include a detailed justification that explains to OJP why, in the particular circumstances, it is appropriate to proceed without competition. Various considerations that may be pertinent to the justification are outlined in the [DOJ Grants Financial Guide](#).

### **d. Preagreement Costs**

For information on preagreement costs, see [Section B. Federal Award Information](#).

## **5. Indirect Cost Rate Agreement (if applicable)**

Indirect costs may be charged to an award only if:

- (a) The recipient has a current (i.e., unexpired) federally approved indirect cost rate, or
- (b) The recipient is eligible to use, and elects to use, the *de minimis* indirect cost rate described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

An applicant with a current (that is, unexpired) federally approved indirect cost rate must attach a copy of the indirect cost rate agreement to the application. An applicant that does not have a current federally approved rate may request one through its cognizant federal agency, which will review all documentation and approve a rate for the applicant entity, or, if

the applicant's accounting system permits, applicants may propose to allocate costs in the direct cost categories.

For assistance with identifying the appropriate cognizant federal agency for indirect costs, contact the OCFO Customer Service Center at 800-458-0786 or at [ask.ocfo@usdoj.gov](mailto:ask.ocfo@usdoj.gov). If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at [www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf](http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf).

Certain OJP recipients have the option of electing to use the *de minimis* indirect cost rate. An applicant that is eligible to use the *de minimis* rate and that wishes to use the *de minimis* rate should attach written documentation to the application that advises OJP of both (1) the applicant's eligibility to use the *de minimis* rate and (2) the applicant's election to do so. If an eligible applicant elects the *de minimis* rate, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The *de minimis* rate may no longer be used once an approved federally negotiated indirect cost rate is in place. (No entity that ever has had a federally approved negotiated indirect cost rate is eligible to use the *de minimis* rate.)

## **6. Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)**

**Every** applicant (other than an individual applying in his or her personal capacity) must download, complete, and submit the [OJP Financial Management and System of Internal Controls Questionnaire](#) as part of its application.

Among other things, the form requires each applicant to disclose whether it currently is designated "high risk" by a federal grant-making agency outside of DOJ. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the applicant's past performance, or other programmatic or financial concerns with the applicant. If an applicant is designated high risk by another federal awarding agency, the applicant must provide the following information:

- The federal awarding agency that currently designates the applicant high risk.
- The date the applicant was designated high risk.
- The high-risk point of contact at that federal awarding agency (name, phone number, and email address).
- The reasons for the high-risk status, as set out by the federal awarding agency.

OJP seeks this information to help ensure appropriate federal oversight of OJP awards. An applicant that is considered "high risk" by another federal awarding agency is not automatically disqualified from receiving an OJP award. OJP may, however, consider the information in award decisions, and may impose additional OJP oversight of any award under this solicitation (including through the conditions that accompany the award document).

## **7. Disclosure of Lobbying Activities**

Each applicant must complete and submit this information. An applicant that expends any funds for lobbying activities must provide all of the information requested on the form

[Disclosure of Lobbying Activities \(SF-LLL\)](#). An applicant that does not expend any funds for lobbying activities must enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

**8. Additional Attachments**

Applicants should submit the following information, as stipulated in the cited pages, as attachments to their applications. While the materials listed below are not assigned specific point values, peer reviewers will, as appropriate, consider these items when rating applications. For example, reviewers will consider résumés and/or letters of support/memoranda of understanding when assessing “capabilities/competencies.” Peer reviewers will not consider any additional information that the applicant submits other than that specified below.

**a. Applicant Disclosure of Pending Applications**

Each applicant must disclose whether it has (or is proposed as a subrecipient under) any pending applications for federally funded grants or cooperative agreements that (1) include requests for funding to support the same project being proposed in the application under this solicitation and (2) would cover any identical cost items outlined in the budget submitted to OJP as part of the application under this solicitation. The applicant must disclose applications made directly to federal awarding agencies, and also applications for subawards of federal funds (e.g., applications to state agencies that will subaward (“subgrant”) federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Each applicant that has one or more pending applications as described above must provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency.
- The solicitation name/project name.
- The point of contact information at the applicable federal or state funding agency.

Federal or State Funding Agency	Solicitation Name/Project Name	Name/Phone/Email for Point of Contact at Federal or State Funding Agency
DOJ/Office of Community Oriented Policing Services (COPS)	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov

Health and Human Services/ Substance Abuse & Mental Health Services Administration	Drug-Free Communities Mentoring Program/ North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov
---	--	--

Each applicant should include the table as a separate attachment to its application. The file should be named “Disclosure of Pending Applications.” The applicant legal name on the application must match the entity named on the Disclosure of Pending Applications statement.

Any applicant that does not have any pending applications as described above must submit, as a separate attachment, a statement to this effect: “[Applicant Name on SF-424] does not have (and is not proposed as a subrecipient under) any pending applications submitted within the last 12 months for federally funded grants or cooperative agreements (or for subawards under federal grants or cooperative agreements) that request funding to support the same project being proposed in this application to OJP and that would cover any identical cost items outlined in the budget submitted as part of this application.”

**b. Research and Evaluation Independence and Integrity**

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant must demonstrate independence and integrity regarding both this proposed research and/or evaluation, and any current or prior related projects.

Each application should include an attachment that addresses **both** i. and ii. below.

- i. For purposes of this solicitation, each applicant must document research and evaluation independence and integrity by including one of the following two items:
  - a. A specific assurance that the applicant has reviewed its application to identify any actual or potential apparent conflicts of interest (including through review of pertinent information on the principal investigator, any coprincipal investigators, and any subrecipients), and that the applicant has identified no such conflicts of interest—whether personal or financial or organizational (including on the part of the applicant entity or on the part of staff, investigators, or subrecipients)—that could affect the independence or integrity of the research, including the design, conduct, and reporting of the research.

OR

- b. A specific description of actual or potential apparent conflicts of interest that the applicant has identified—including through review of pertinent information on the principal investigator, any coprincipal investigators, and any

subrecipients—that could affect the independence or integrity of the research, including the design, conduct, or reporting of the research. These conflicts may be personal (e.g., on the part of investigators or other staff), financial, or organizational (related to the applicant or any subrecipient entity). Some examples of potential investigator (or other personal) conflict situations are those in which an investigator would be in a position to evaluate a spouse's work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization would not be given an award to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), because the organization in such an instance might appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

- ii. In addition, for purposes of this solicitation, each applicant must address possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:
  - a. If an applicant reasonably believes that no actual or potential apparent conflicts of interest (personal, financial, or organizational) exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. The applicant must also include an explanation of the specific processes and procedures that the applicant has in place, or will put in place, to identify and prevent (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OR

- b. If the applicant has identified actual or potential apparent conflicts of interest (personal, financial, or organizational) that could affect the independence and integrity of the research, including the design, conduct, or reporting of the research, the applicant must provide a specific and robust mitigation plan to address each of those conflicts. At a minimum, the applicant is expected to explain the specific processes and procedures that the applicant has in place, or will put in place, to identify and eliminate (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OJP will assess research and evaluation independence and integrity based on considerations such as the adequacy of the applicant's efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the applicant entity (and any subrecipients) in carrying out the research, development, or evaluation activity; and the adequacy of the applicant's existing or proposed remedies to control any such factors.

- c. Logic model (see page 13).
- d. Timeline or milestone chart (see page 14).
- e. Résumés of all key personnel.
- f. Job descriptions outlining roles and responsibilities for all key positions.

### How To Apply

Applicants must register in, and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at [www.Grants.gov](http://www.Grants.gov). Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, which operates 24 hours a day, 7 days a week, except on federal holidays.

Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation of registration and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications at least 72 hours prior to the application due date to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP strongly encourages all prospective applicants to sign up for Grants.gov email [notifications](#) regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

**Browser Information:** Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome or another browser, contact Grants.gov Customer Support.

**Note on Attachments:** Grants.gov has two categories of files for attachments: "mandatory" and "optional." OJP receives all files attached in both categories. Ensure that all required documents are attached in either Grants.gov category.

**Note on File Names and File Types:** Grants.gov only permits the use of certain specific characters in the file names of attachments. Valid file names may include only the characters shown in the table below. Grants.gov rejects any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov forwards successfully submitted applications to the OJP Grants Management System (GMS).

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ( )	Curly braces { }	Square brackets [ ]
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Underscore ( _ )	Comma ( , )	Semicolon ( ; )	Apostrophe ( ' )
Hyphen ( - )	At sign ( @ )	Number sign ( # )	Dollar sign ( \$ )
Space	Percent sign ( % )	Plus sign ( + )	Equal sign ( = )
Period ( . )	<b>Applicants must use the “&amp;” format in place of the ampersand (&amp;) when using XML format for documents.</b>		

**GMS does not accept executable file types as application attachments.** These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

Every applicant entity must comply with all applicable System for Award Management (SAM) and unique entity identifier (currently, a Data Universal Numbering System (DUNS) number) requirements. If an applicant entity has not fully complied with applicable SAM and unique identifier requirements by the time OJP makes award decisions, OJP may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making the award to a different applicant.

An individual who wishes to apply in his/her personal capacity should search Grants.gov for funding opportunities for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. (An applicant applying as an individual must comply with all applicable Grants.gov individual registration requirements.)

Complete the registration form at <https://apply07.grants.gov/apply/IndCPRegister> to create a username and password for Grants.gov. (An applicant applying as an individual should complete all steps except 1, 2, and 4.)

- 1. Acquire a unique entity identifier (currently, a DUNS number).** In general, the Office of Management and Budget requires every applicant for a federal award (other than an individual) to include a "unique entity identifier" in each application, including an application for a supplemental award. Currently, a DUNS number is the required unique entity identifier.

A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at [www.dnb.com](http://www.dnb.com). A DUNS number is usually received within 1–2 business days.

- 2. Register with SAM.** SAM is the repository for certain standard information about federal financial assistance applicants, recipients, and subrecipients. All applicants for OJP awards (other than individuals) must maintain current registrations in the SAM database. An applicant must be registered in SAM to successfully register in Grants.gov. Each applicant

must **update or renew its SAM registration at least annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

An application cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, **the information transfer from SAM to Grants.gov can take as long as 48 hours**. OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at [www.sam.gov](http://www.sam.gov).

- 3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. An applicant entity's "unique entity identifier" (DUNS number) must be used to complete this step. For more information about the registration process for organizations and other entities, go to <https://apply07.grants.gov/apply/OrcRegister>. Individuals registering with Grants.gov should go to [www.grants.gov/web/grants/applicants/individual-registration.html](http://www.grants.gov/web/grants/applicants/individual-registration.html).
- 4. Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.
- 5. Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.543, titled "Missing Children's Assistance," and the funding opportunity number is OJJDP-2017-11030.
- 6. Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application. The second will state whether the application has been validated and successfully submitted, or whether it has been rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later. Submitting an application well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges each applicant to submit its application **at least 72 hours prior** to the application due date, to allow time to receive validation messages or rejection notifications from Grants.gov and to correct in a timely fashion any problems that may have caused a rejection notification. Applications must be successfully submitted through Grants.gov by 11:59 p.m. ET on July 10, 2017.

Click [here](#) for further details on DUNS numbers, SAM, and Grants.gov registration steps and timeframes.

**Note: Application Versions**

If an applicant submits multiple versions of the same application, OJP will review only the most recent system-validated version submitted.

## Experiencing Unforeseen Grants.gov Technical Issues

An applicant that experiences unforeseen Grants.gov technical issues—beyond the applicant's control—which prevent the applicant from submitting the application by the deadline must contact the Grants.gov [Customer Support Hotline](#) or the [SAM Help Desk](#) (Federal Service Desk) to report the technical issue and receive a tracking number. The applicant must email the Response Center at [grants@ncjrs.gov](mailto:grants@ncjrs.gov) **within 24 hours after the application deadline** to request approval to submit its application after the deadline. The applicant's email must describe the technical difficulties and must include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

**Note: OJP does not automatically approve requests to submit a late application.** After OJP reviews the applicant's request, and contacts the Grants.gov or SAM Help Desk to verify the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the untimely application submission was due to the applicant's failure to follow all required procedures, OJP will deny the applicant's request to submit its application.

The following conditions generally are insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant's computer or information technology environment, such as issues with firewalls or browser incompatibility.

**Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP [Funding Resource Center](#) webpage.**

## E. Application Review Information

### Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria with the different weight given to each based on the percentage value listed after each individual criterion. For example, the first criterion, Statement of the Problem, is worth 20 percent of the entire score in the application review process.

1. Statement of the Problem/Description of the Issue (20%)
2. Goals, Objectives, and Performance Measures (10%)
3. Project Design and Implementation (40%)
4. Capabilities and Competencies (20%)
5. Budget (10%): complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives

should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.<sup>6</sup>

See What an Application Should Include, page 9, for the criteria that the peer reviewers will use to evaluate applications.

## **Review Process**

OJP is committed to ensuring a fair and open process for making awards. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items designated as critical elements.
- The applicant must not be identified in SAM as excluded from receiving federal awards.

For a list of the critical elements for this solicitation, see “What an Application Should Include” under [Section D. Application and Submission Information](#).

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully. Other important considerations for OJP include underserved populations, geographic diversity, strategic priorities, and available funding, as well as the extent to which the budget detail worksheet and budget narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by applicants. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award. If OJP anticipates that an award will exceed \$150,000 in federal funds, OJP also must review and consider any

---

<sup>6</sup> Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System; "FAPIS").

**Important note on FAPIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIS, in its assessment of the risk posed by applicants.

The evaluation of risks goes beyond information in SAM, however. OJP itself has in place a framework for evaluating risks posed by applicants for competitive awards. OJP takes into account information pertinent to matters such as—

1. Applicant financial stability and fiscal integrity.
2. Quality of the management systems of the applicant, and the applicant's ability to meet prescribed management standards, including those outlined in the [DOJ Grants Financial Guide](#).
3. Applicant's history of performance under OJP and other DOJ awards (including compliance with reporting requirements and award conditions), as well as awards from other federal agencies.
4. Reports and findings from audits of the applicant, including audits under the Part 200 Uniform Requirements.
5. Applicant's ability to comply with statutory and regulatory requirements, and to effectively implement other award requirements.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.

## **F. Federal Award Administration Information**

### **Federal Award Notices**

Award notifications will be made by September 30, 2017. OJP sends award notifications by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and steps to take in GMS to start the award acceptance process. GMS automatically issues the notifications at 9 p.m. ET on the award date.

For each successful applicant, an individual with the necessary authority to bind the applicant will be required to log in; execute a set of legal certifications and a set of legal assurances; designate a financial point of contact; thoroughly review the award, including all award conditions; and sign and accept the award. The award acceptance process requires physical signature of the award document by the authorized representative and the scanning of the fully executed award document to OJP.

## Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions, as well as all applicable requirements of federal statutes, regulations, and executive orders (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance). OJP strongly encourages prospective applicants to review information on post-award legal requirements and common OJP award conditions **prior** to submitting an application.

Applicants should consult the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#),” available in the [OJP Funding Resource Center](#). In addition, applicants should examine the following two legal documents, as each successful applicant must execute both documents before it may receive any award funds.

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)
- [Standard Assurances](#)

Applicants may view these documents in the Apply section of the [OJP Funding Resource Center](#).

The webpages accessible through the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#)” are intended to give applicants for OJP awards a general overview of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements awarded in FY 2017. Individual OJP awards typically also will include additional award conditions. Those additional conditions may relate to the particular statute or program, or solicitation under which the award is made; to the substance of the funded application; to the recipient's performance under other federal awards; to the recipient's legal status (e.g., as a for-profit entity); or to other pertinent considerations.

As stated above, OJJDP expects that any award under this solicitation will be made as a cooperative agreement. A cooperative agreement will include a condition in the award document that sets out the “substantial federal involvement” in carrying out the award and program. Generally speaking, under cooperative agreements with OJP, responsibility for the day-to-day conduct of the funded project rests with the recipient. OJP, however, may have substantial involvement in matters such as coordination efforts and site selection, as well as review and approval of work plans, research designs, data collection instruments, and major project-generated materials. In addition, OJP often indicates in the award condition that it may redirect the project if necessary.

OJJDP's role will include the following tasks:

- Reviewing and approving major work plans, including changes to such plans, and key decisions pertaining to project operations.
- Reviewing and approving major project-generated documents and materials used to provide project services.

- Providing guidance in significant project planning meetings and participating in project-sponsored training events or conferences.

In addition to a condition that sets out the “substantial federal involvement” in the award, cooperative agreements awarded by OJP include a condition that requires specific reporting in connection with conferences, meetings, retreats, seminars, symposia, training activities, or similar events funded under the award.

## **General Information About Post-Federal Award Reporting Requirements**

In addition to the deliverables described in [Section A. Program Description](#), any recipient of an award under this solicitation will be required to submit the following reports and data.

Required reports. Recipients typically must submit quarterly financial reports, semiannual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

Awards that exceed \$500,000 will include an additional condition that, under specific circumstances, will require the recipient to report (to FAPIIS) information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either the OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Additional information on this reporting requirement appears in the text of the award condition posted on the OJP website at <http://ojp.gov/funding/FAPIIS.htm>.

Data on performance measures. In addition to required reports, an award recipient also must provide data that measure the results of the work done under the award. To demonstrate program progress and success, as well as to assist DOJ in fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103–62, and the GPRA Modernization Act of 2010, Public Law 111–352, OJP will require any recipient, post award, to provide the data listed as “Data Recipient Provides” in the performance measures table in [Section D. Application and Submission Information](#) under “Program Narrative,” so that OJP can calculate values for this solicitation’s performance measures.

## **H. Other Information**

### **Freedom of Information Act and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a)**

All applications submitted to OJP (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request pursuant to FOIA if DOJ determines that the responsive information either is protected under the Privacy Act or falls within the scope of one

of nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to FOIA not to release some or all portions of an application.

In its review of records that are responsive to a FOIA request, OJP will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, OJP will request the views of the applicant/recipient that submitted a responsive document.

For example, if OJP receives a request pursuant to FOIA for an application submitted by a nonprofit or for-profit organization or an institution of higher education, or for an application that involves research, OJP typically will contact the applicant/recipient that submitted the application and ask it to identify—quite precisely—any particular information in the application that the applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, OJP makes an independent assessment regarding withholding information. OJP generally follows a similar process for requests pursuant to FOIA for applications that may contain law-enforcement-sensitive information.

### **Provide Feedback to OJP**

To assist OJP in improving its application and award processes, OJP encourages applicants to provide feedback on this solicitation, the application submission process, and/or the application review process. Provide feedback to [OJPSolicitationFeedback@usdoj.gov](mailto:OJPSolicitationFeedback@usdoj.gov).

**IMPORTANT:** This email is for feedback and suggestions only. OJP does **not** reply from this mailbox to messages it receives in this mailbox. Any prospective applicant that has specific questions on any program or technical aspect of the solicitation **must** use the appropriate telephone number or email listed on the front of this document to obtain information. These contacts are provided to help ensure that prospective applicants can directly reach an individual who can address specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, email your résumé to [ojppeerreview@imsolas.com](mailto:ojppeerreview@imsolas.com). (Do not send your résumé to the OJP Solicitation Feedback email account.) **Note:** Neither you nor anyone else from your organization or entity can be a peer reviewer in a competition in which you or your organization/entity has submitted an application.
